

**Quartzsite Rally 2007  
Competitor Bulletin #2  
08/28/2007**

The evening portion of the event has been reconfigured. The Boyer Gap turnaround stages north of Quartzsite has been dropped, and replaced with an additional running of Black Cat. Stage miles are reduced to 77, but the event will end earlier. The final MTC will be at the Tomahawk Truck Stop, rather than in Quartzsite. This will allow competitors to trailer their vehicles to and from service/MTC, both before, during the midday break, and at the end of the event, if they so choose.

Provisional and Final Scores will be posted at Tomahawk, and all are invited to the post event party at the Grubstake Saloon/Restaurant in Quartzsite, where awards will be presented. Map to the post event party will be on the official notice board and on the event website.

**Quartzsite Rally 2007  
Competitor Bulletin #3  
08/28/2007**

All servicing will be at the Tomahawk Truck Stop (Valero) gas station-Exit 45, I-10 freeway. This area will be open for crews to set-up at 6:00 a.m. Saturday morning, on a first come and first serve basis. If you wish to stay Friday night: please contact Pat McMahon (562-860-9861). You will be allowed to trailer your vehicles to and from this location. You are free to leave trailers, equipment, etc. at this location during the mid-day break, but there will be no security present.
